GARDENA Turbotrimmer classicCut special

Welcome to the Garden of GARDENA...

Translation of the original instructions from German. Please read these operating instructions carefully and observe the notes given. Use these operating instructions to familiarise yourself with the Turbotrimmer, its proper use and the notes on safety.

For safety reasons, children under the age of 16 or people who are not familiar with these operating instructions should not use this Turbotrimmer.

→ Please keep these operating instructions in a safe place.

1. Where to Use Your GARDENA Turbotrimmer

Proper use

The GARDENA Turbotrimmer is designed for trimming and cutting areas of grass and lawns in private house and hobby gardens.

The Turbotrimmer must not be used in public facilities, parks, sports grounds, next to roads or in agriculture or forestry.

Please note

For safety reasons, the GARDENA Turbotrimmer must not be used for hedge trimming or for shredding grass for composting.

2. For Your Safety

→ Please read the notes on safety on the Turbotrimmer.

Caution!

→ Always read the operating instructions before using your Turbotrimmer.

Danger! Risk of injury to other people!

→ Keep other people out of the area where you are working.

Danger!

Risk of electric shock!

→ Keep your Turbotrimmer away from water and rain!

Danger! Tool does not stop immediately when turned off!

→ Keep your hands and feet out of the area where you are working until the cutting filament is stationary!

Danger!
Risk of injury to eyes!
→ **Always wear eye protection!**

Check your Turbotrimmer before each use

- Always visually inspect your Turbotrimmer before each use.
 - Check that the ventilation slots are not obstructed in any way.
- Do not use your Turbotrimmer if the safety devices (push button, safety cover) and/or the filament cassette are damaged or worn.
- Never bypass the safety devices.
 - Inspect the area to be cut before you begin work. Remove any foreign objects (such as stones). Look out for foreign objects (such as stones) while you are working.
 - If you should come across an obstacle while cutting, turn off the Turbotrimmer. Remove the object and check the Turbotrimmer for any damage. If necessary have your Turbotrimmer repaired.

Use / responsibility

The Turbotrimmer can cause serious injuries.

- Use the Turbotrimmer only for the purpose specified in these operating instructions.

You are responsible for the safety in the area where you are working.

- Ensure that there are no other people (especially children) or animals within or near the area where you are working.
- Never use the Turbotrimmer if the safety devices are damaged or defective.

Unplug the mains plug after use and check your Turbotrimmer, especially the filament cassette, regularly for damage. Have your Turbotrimmer repaired and/or replace the filament cassette if necessary.

- Always wear an eye shield or safety goggles!
- Wear sturdy shoes and long trousers to protect your legs. Keep your fingers and feet away from the cutting filament – above all when starting work.
- Always ensure that you have a secure foothold whilst working.
- Keep the extension cable away from the area you are cutting.

Take extra care when walking backwards. You may stumble!

- Only work in the daylight or when visibility is good.

Interrupting work

Never leave the Turbotrimmer unattended where you are working.

- If you stop work, unplug the mains plug and store your Turbotrimmer in a safe place.
- If you stop work in order to move to another part of the garden, always switch off the Turbotrimmer, wait until the tool stops and then unplug the mains plug.

Familiarise yourself with the surroundings

- Familiarise yourself with the surroundings and look out for possible dangers which you may not hear due to machine noise.
- Never use the Turbotrimmer when it is raining or in damp, wet areas.
- Do not operate your Turbotrimmer directly next to swimming pools or garden ponds.

Electrical safety

Check the power cord regularly for damage and signs of wear and tear.

Do not use your Turbotrimmer if the power cord is damaged.

- If the mains cord or extension cable is damaged while you are working, unplug the mains plug immediately.
Do not touch the cable until the mains plug is switched off.

The socket of the extension cable you are using must be waterproof.

- Only use permitted extension cables.
- Ask your electrician.

For all portable units that are operated outdoors we recommend using a fault circuit breaker.

In Switzerland the use of a residual-current device is obligatory.

3. Assembly

Mounting the cover and plant guard:

1. Turn over the Turbotrimmer and stand it on the rubber buffer of the handle.
2. Fit the cover ① on the cutting head ② and guide the cutting filament ③ through the opening in the cover.
3. Secure the cover ① using the two screws ④.
4. Push the plant guard ⑤ onto the cutting head ② until you hear it snap into place.

The plant guard keeps plants you do not want to trim away from the cutting filament.

4. Operation

Risk of injury!

Risk of injury if the Turbotrimmer does not switch off when you release the start button.

→ Never bypass the safety devices (by binding the start button to the handle, for example).

Connecting the Turbotrimmer:

1. Push the extension cable ⑥ into the cable lock ⑦ on the handle ⑧.
2. Plug the plug ⑨ of the Turbotrimmer into the socket ⑩ of the extension cable.

Setting the Turbotrimmer to the working position:

Working position:

Position the additional handle ⑪ so that the cutting head ② is tilted slightly forward when you hold the Turbotrimmer in the working position.

1. Unscrew the tightening nut ⑫, move the additional handle ⑪ to the correct position and tighten the nut ⑫ by hand.
2. Unscrew the adjusting nut ⑬, set the additional handle ⑪ to the correct angle and tighten the adjusting nut ⑬ by hand.

Starting your Turbotrimmer:

1. Press the start button (14) on the handle (8).
The Turbotrimmer starts.
2. Release the start button (14) on the handle (8).
The Turbotrimmer switches off.

Trimming along lawn edges and in awkward places:

1. For vertical cutting, loosen the tightening nut (12), turn the additional handle (11) 180° and then tighten the nut (12) again by hand.
2. Swivel the plant guard (5) backwards to the park position until it clicks into place.
3. Lift the Turbotrimmer by the handle (8) and additional handle (11) and turn to the cutting position.
4. When trimming between paving stones, hold the Turbotrimmer so that the cutting filament moves slightly above the paved ground.

Cutting position

Park position

5. Maintenance

Risk of injury!

There is a risk of injury from the cutting filament!

→ Always unplug the mains plug of the Turbotrimmer before carrying out maintenance work!

Risk of injury!

Risk of injury and risk of damage to property!

→ Never clean the Turbotrimmer under running water or with a water jet (in particular a high pressure water jet).

Cleaning the cover and ventilation slots:

The ventilation slots must always be free of dirt.

→ Remove any grass and dirt from the cover (1) and ventilation slots (15) after each use.

Replacing the filament cassette:

Risk of injury!

→ Never use metallic cutting elements or replacement parts and accessories not provided by GARDENA.

Only use the original GARDENA Filament Cassette. You can order Replacement Filament Cassettes from your GARDENA dealer or directly from the GARDENA Customer Service.

- Filament Cassette for Turbotrimmer classicCut special:
Art. No. 5364-20

1. Unplug the mains plug.
2. Turn over the Turbotrimmer and rest it on the rubber buffer of the handle.
3. Release the cassette cover (16) by pressing both locking clips (17) and remove the cover.
4. Remove the filament cassette (18).
5. Remove any dirt.
6. Pull approximately 5 cm of the filament (3) out of the new filament cassette (18) through the eye of the plastic ring (19).
7. Insert the filament cassette (18) in the filament cassette holder (20) so that the filament (3) is inside the metal case (21).
8. Fit the cassette cover (16) on the filament cassette holder (20) so that you hear both locking clips (17) click into place.

When replacing the cover, ensure that the filament is inside the metal case and is not trapped.

→ If the cassette cover (16) cannot be touched down, turn the filament cassette (18) to and fro, until the filament cassette (18) is completely in the filament cassette holder (20).

6. Trouble-Shooting

Risk of injury!

Pulling the filament out of the filament cassette:

Risk of injury from the cutting filament!

→ Always unplug the mains plug of the Turbotrimmer before troubleshooting.

You can pull the filament out of the filament cassette if the filament is too short or if it is drawn inside the cassette.

1. Unplug the mains plug.
2. Remove the filament cassette as described under 5. Maintenance "Replacing the filament cassette".
3. Press together the plastic ring (19) on the filament cassette (18) between your thumb and forefinger.
4. Draw the plastic ring (19) with the thumb of the other hand over the side part of the filament cassette (18) (use a screwdriver if necessary).

You can now access the filament that was drawn into the filament cassette.

5. Unwind the filament (3) approximately 10 cm and thread it through the eye of the plastic ring (19). If necessary, loosen the filament beforehand using a screwdriver. The filament (3) may stand out max. 2 cm over the knife (22).
6. Pull the plastic ring (19) back over the filament cassette (18).
7. Reinstall the filament cassette as described under 5. Maintenance "Replacing the filament cassette".

Cleaning the filament cassette and area around the filament cassette:

If the automatic filament feed still does not work after pulling the filament out of the filament cassette, the filament cassette and area around the filament cassette may be dirty.

1. Remove the plastic ring (19) from the filament cassette (18) as described under "Pulling the filament out of the filament cassette".
2. Unwind the filament (3), clean the filament cassette and the filament then wind the filament back onto the cassette.
3. Clean the automatic mechanism lever (23) in the filament cassette holder (20).

The automatic mechanism lever must move freely.

4. Reinstall the filament cassette as described under "Pulling the filament out of the filament cassette".

Only GARDENA Service Centres and authorised specialist GARDENA dealers may carry out repairs.

Fault	Possible cause	Remedy
The Turbotrimmer no longer cuts.	Filament cassette empty.	→ Replace the filament cassette – see 5. Maintenance "Replacing the filament cassette".
	Filament too short, drawn into the cassette or stuck together.	→ Pull the filament out of the filament cassette (see above).
	Automatic filament feed is not working since the automatic mechanism lever is jammed.	→ Clean the filament cassette and area around the cassette (see above).

If you have any other problems please contact the GARDENA Customer Service.

7. Storage

Storage:

The Turbotrimmer must be stored out of the reach of children.

- Store your Turbotrimmer in a dry place where it is protected from frost.

Recommended storage:

We recommend that you hang your Turbotrimmer from the cable lock. Hanging storage helps avoid unnecessary stress on the cutting head.

Disposal:

(in accordance with
RL 2002/96/EC)

The product must not be added to normal household waste. It must be disposed of in line with local environmental regulations.

- Important: Make sure that the unit is disposed of via your municipal recycling collection centre.

9. Service

Warranty

GARDENA guarantees this product for 2 years (from date of purchase). This guarantee covers all serious defects of the unit that can be proved to be material or manufacturing faults. Under warranty we will either replace the unit or repair it free of charge if the following conditions apply:

- The unit must have been handled properly and in keeping with the requirements of the operating instructions.
- Neither the purchaser or a non-authorised third party have attempted to repair the unit.

The filament cassette and cassette cover are wearing parts and are therefore not covered by the warranty.

This manufacturer's guarantee does not affect the user's existing warranty claims against the dealer/seller.

If a fault occurs with your Turbotrimmer, please return the faulty unit together with a copy of the receipt and a description of the fault, with postage paid to one of the GARDENA Service Centres listed on the back of these operating instructions.

D <i>Produkthftung</i>	Wir weisen ausdrcklich darauf hin, dass wir nach dem Produkthftungs-gesetz nicht fr durch unsere Geräte hervorgerufene Schden einzu-stehen haben, sofern diese durch unsachgemäe Reparatur verursacht oder bei einem Teileaustausch nicht unsere Original GARDENA Teile oder von uns freigegebene Teile verwendet werden und die Reparatur nicht vom GARDENA Service oder dem autorisierten Fachmann durchgeföhrt wird. Entsprechendes gilt fr Ergänzungs-teile und Zubehör.
GB <i>Product Liability</i>	We expressly point out that, in accordance with the product liability law, we are not liable for any damage caused by our units if it is due to im-proper repair or if parts exchanged are not original GARDENA parts or parts approved by us, and, if the repairs were not carried out by a GARDENA Service Centre or an authorised specialist. The same applies to spare parts and accessories.
F <i>Responsabilité</i>	Nous vous signalons expressément que GARDENA n'est pas respon-sable des dommages causés par ses appareils, dans la mesure où ces dommages seraient causés suite à une réparation non conforme, dans la mesure où, lors d'un échange de pièces, les pièces d'origine GARDENA n'auraient pas été utilisées, ou si la réparation n'a pas été effectuée par le Service Après-Vente GARDENA ou l'un des Centres SAV agréés GARDENA. Ceci est également valable pour tout ajout de pièces et d'ac-cessoires autres que ceux préconisés par GARDENA.
NL <i>Productaansprakelijkheid</i>	Wij wijzen er nadrukkelijk op, dat wij op grond van de wet aansprakelijkheid voor producten niet aansprakelijk zijn voor schade ontstaan door onze apparaten, indien deze door onvakkundige reparatie veroorzaakt zijn, of er bij het uitwisselen van onderdelen geen gebruik gemaakt werd van onze originele GARDENA onderdelen of door ons vrijgegeven onderdelen en de reparatie niet door de GARDENA technische dienst of de bevoegde vak-man uitgevoerd werd. Ditzelfde geldt voor extra-onderdelen en accessoires.
S <i>Produktansvar</i>	Tillverkaren är inte ansvarig för skada som orsakats av produkten om skadan beror på att produkten har reparerats felaktigt eller om, vid repara-tion eller utbyte, andra än Original GARDENA reservdelar har använts. Samma sak gäller för kompletteringsdelar och tillbehör.
I <i>Responsabilità del prodotto</i>	Si rende espressamente noto che, conformemente alla legislazione sulla responsabilità del prodotto, non si risponde di danni causati da nostri arti-coli se originati da riparazioni eseguite non correttamente o da sostituzioni di parti effettuate con materiale non originale GARDENA o comunque da noi non approvato e, in ogni caso, qualora l'intervento non venga eseguito da un centro assistenza GARDENA o da personale specializzato autoriz-zato. Lo stesso vale per le parti complementari e gli accessori.
E <i>Responsabilidad de productos</i>	Advertimos que conforme a la ley de responsabilidad de productos no nos responsabilizamos de daños causados por nuestros aparatos, siempre y cuando dichos daños hayan sido originados por arreglos o reparaciones indebidas, por recambios con piezas que no sean piezas originales GARDENA o bien piezas autorizadas por nosotros, así como en aquellos casos en que la reparación no haya sido efectuada por un Servicio Téc-nico GARDENA o por un técnico autorizado. Lo mismo es aplicable para las piezas complementarias y accesorios.
P <i>Responsabilidade sobre o produto</i>	Queremos salientar que segundo a lei da responsabilidade do fabricante, nós não nos responsabilizaremos por danos causados pelo nosso equipa-mento, quando estes ocorram em decorrência de reparações inadequadas ou da substituição de peças por peças não originais da GARDENA, ou pe-ças não autorizadas. A responsabilidade tornar-se-à nula também depois de reparações realizadas por oficinas não autorizadas pela GARDENA. Esta restrição valerá também para peças adicionais e acessórios.
DK <i>Produktansvar</i>	Vi gør udttrykkeligt opmærksom på at i henhold til produktansvarsloven er vi ikke ansvarlige for skader forårsaget af vores udstyr, hvis det skyldes uautoriserede reparationer eller hvis dele er skiftet ud og der ikke er an-vendt originale GARDENA dele eller dele godkendt af os, eller hvis repara-tionerne ikke er udført af GARDENA-service eller en autoriseret fagmand. Det samme gælder for ekstra udstyr og tilbehør.
